

Chhayatal Bangladesh

Montly Review

January-2024

The activities of Chhayatal Bangladesh in the month of January

Activities

As in previous years, at the beginning of this year "Chhayatal Bangladesh" started the teaching process for children. In addition to providing lunch to the children every day, various training programs are offered. Currently, the training provided by Chhayatal Bangladesh includes mobile phone repair, computer training, handicraft training, and sewing machine training. These trainings play a key role in making the children self-reliant.

- Handicraft Training
- Computer Training
- Mobile Repair
- Sewing Machine

Children are served lunch every day.

Music Training

Medical Camp

Handicraft Training

"Chayatal Bangladesh" is engaged with all the children in its daily activities. Volunteers are dedicating their efforts every day to bring neglected children in society back to a normal lifestyle. To ensure good health for the children and keep them healthy, a free medical camp is organized every month. Handicraft training is provided to make the girls self-reliant. In this way, "Chayatal Bangladesh" is moving forward with various activities to build a bright future for the children.
